Pet's Name _____

Owner's Name _____

Phone Number _____

Time of last meal _____

Current Medications _____

AGVC Clinic Use Only

Please check to either accept or decline the following:

Sterilization Surgery Spay / Neuter / Already Done

Front paw declaw (2 night hospitalization) Accept / Decline

I understand that there are increased surgical risks and short- and long-term post-operative complications that may occur with the elective amputation of the third phalanges, or "declawing," of my cat's front paws. These risks and complications may include: infection at the declaw sites, short- and long-term limping, pain, behavioral changes including house soiling, and impaired self-defense. After declawing your cat must remain indoor only.

Please initial that you are aware of the post-operative risk with declawing

Pre-Anesthetic Blood Testing (\$70.50) Accept / Decline

IV Fluid Therapy (\$66) Accept / Decline

Microchip Identification Implantation & Enrollment (\$59.50) Accept / Decline

FelV/FIV testing (\$50 send out/\$73 same day) Accept / Decline

Please list any additional treatments you would like done (additional cost may apply)

The Apple Grove Veterinary Care team strives to provide the highest quality care and perform the authorized precautions to avoid potential risks or problems. **I understand there may be risks involved in anesthetic and surgical procedures (including death) and may require additional treatment.** We provide compassionate care by administering pain management before, during and after surgery to all patients. In addition, patients are monitored continuously from the beginning of anesthesia through recovery.

In the event of an emergency (Please check one)

- Perform CPR (Cardiopulmonary Resuscitation) IV catheter will be placed if needed
- DNR (Do Not Resuscitate)

I hereby authorize the veterinary care team to perform procedures listed above. The procedure(s) has been explained and no guarantee has been made as to the results. I understand that if my pet has fleas he/she will be treated prior to surgery with a Capstar Pill (\$9-\$10). **I will pay, in full, for services rendered, including those deemed necessary for medical or surgical complications or unforeseen circumstances when my pet is released.** Any estimates or changes for the planned procedures are only approximations, and the final bill may be greater or less than these amounts.
